EDUCATION

Sree Vidyanikethan Engineering College, Tirupati   2020-present
Bachelor of Technology (B. Tech) in Electronics and Communication Engineering (ECE)
CGPA: 9.05

Sree Chaithanya Junior College, Vijayawada   2018-2020
MPC, GPA: 9.94

Vivekananda Municipal High School, Madanapalle   2017-2018
SSC, GPA: 10

INTERNSHIPS & PROJECT EXPERIENCE

Embedded Systems Intern   August 2023 – October 2023
Emertxe Information Technologies

- During the internship, I acquired the fundamentals of the Embedded C programming language.
- Implemented automated testing process to validate system performance
- Designed, coded, tested, and debugged embedded systems firmware (Microwave Oven) in assembly language

Azure Cloud Computing Intern   July2021 – August 2021
Verzeo

- Learnt the concepts including Infrastructure as a Service (IaaS), Platform as a Service (PaaS) and Software as a Service (SaaS)
- And has a solid understanding of cloud security data management and also familiar with cloud deployment models such as public private and hybrid clouds
- Implemented virtual machines, data factories and deployment models.

PROJECTS

- Touch-Screen Display Controlled Weather Station
- Self-Regulating Water Dispenser

TECHNICAL SKILLS

- C programming
- SQL
- Basics of Azure Cloud
- Python
- Basics in HTML

CERTIFICATIONS

- Embedded Systems
- Azure Cloud Computing
- AWS Cloud Foundations
- Basics of IoT from Pantech Solutions
- Basics of Python from CISCO
- Mepro Pearson

SOFT SKILLS

- Good Communication skills
- Leadership skills
- Problem Solving Abilities
